ACTIVE BENEFIT GUIDE

BENEFITS FOR A HEALTHY LIFE

YOUR 2024 MSCS ACTIVE BENEFIT CHOICES

Important Reminders:

1. MSCS Benefits will host a Benefit Fair on **Wednesday, November 1, 2023**, in the COE Auditorium from **3-6 p.m.** Vendors will be present to answer questions, provide giveaways, etc.
2. The 2023-24 Open Enrollment Period is scheduled for **November 1, 2023 - November 15, 2023**. All elections will be effective as of **January 1, 2024**.
3. If you do not make changes to your coverage within the open enrollment period, your current coverage will continue. However, the following benefits will require you to actively enroll or disenroll in them during open enrollment:
 - Health Care Flexible Spending Account (FSA)
 - Dependent Care Flexible Spending Account (FSA)
 - Short-Term & Long-Term Disability
4. After the open enrollment period ends, you will not have another opportunity to make changes to your benefits until the next open enrollment period. However, if you experience a qualifying life event, such as marriage, divorce, birth, adoption, or a change in your or your spouse's employment status, you will have 30 days to notify Benefits of the qualified life event.
5. Our plan designs will remain the same for 2024. This includes medical, dental, vision, life insurance, and disability plans. You can access your current benefits elections by visiting our online enrollment system, Bentek, at www.mybentek.com/mscs
6. Your current benefit deduction costs will remain the same for 2023-24 with the exception of the following (if applicable):
 - Your STD/LTD Disability coverage (if you move to a higher age band)
 - Your life insurance coverage (if you move to a higher age band)

Who can enroll?

- Full-time, permanent employees (30+ hrs./week)
- Part-time, variable-hourly employees
- Eligible dependents

Spousal Coverage

If you wish to enroll your spouse in one of the MSCS medical insurance plans, you must complete a Spousal Affidavit Form to confirm if your spouse has access to employer-sponsored insurance elsewhere. You may NOT cover your spouse for medical coverage if his or her employer provides medical coverage. The spouse-opt-out requirement does NOT apply to spouses who:

- are also employed or retired from MSCS and whose employer does not provide medical coverage; or
- are required to pay more than 50% of the cost of coverage for their employer's lowest cost individual plan option

Tobacco Surcharge

When enrolling for medical benefits, you will be asked to confirm or reconfirm whether you have used tobacco on a regular basis (five or more times) since **January 1, 2023**. Tobacco is defined as cigarettes, e-cigarettes, cigars, pipes, or smokeless tobacco, such as chew, dip, or snuff. The tobacco surcharge is \$25 per paycheck for 24 paychecks; \$30 for 20 paychecks.

Important note: *Any employee who intentionally falsifies their tobacco status will lose their non-tobacco discount and may be subject to disciplinary action based on MSCS District guidelines.*

Changes during the year

After your enrollment opportunity ends, you won't be able to change your benefits coverage during the year unless you experience a qualifying life event, such as marriage, divorce, birth, adoption, or a change in your or your legal spouse's employment status that affects your benefits eligibility.

Effective date of coverage

For new employees, the effective date of coverage for most plans is the first of the month following 30 days of employment. For existing employees enrolling during Open Enrollment, the effective date of most plans is **January 1, 2024**.

What happens if you don't enroll during Open Enrollment?

As a new employee – If you don't enroll in benefits within 30 days of your hire date, you will not have benefits coverage and will have to wait until the next benefits open enrollment period.

If you experience a qualified life event (birth/adoption, marriage/divorce, loss of coverage, etc.) you must access the online enrollment system Bentek at www.mybentek.com/mscs within 30 days of the event date.

How to enroll and access the online enrollment system, Bentek

Memphis-Shelby County Schools utilizes Bentek, an internet-based online benefits enrollment system, which is available 24 hours a day, 7 days a week.

Employees may:

- View benefit elections and payroll deductions
- Make new elections, changes, add or remove dependents during open enrollment, new hire period, or a qualifying event
- View plan summaries and links to carrier websites
- Designate and view life insurance beneficiaries

Accessing Bentek:

1. Log on to www.mybentek.com/mscs
2. Enter username and password or click on "Create an account"
3. Follow directions to create your username and password. Password must contain three (3) of the following:
 - Lower case letter
 - Upper case letter
 - Special character
 - Number
4. Once you've logged in, click on the Employee Benefits Center to access the following:
 - During Open Enrollment, select Open Enrollment
 - **Report Qualifying Event** – add/remove dependents
 - **View Elections** – view current elections and payroll deductions
 - **Benefit Highlights** – plan descriptions and links to carriers
 - **Forms** – plan documents, plan summaries, and notices
 - **Beneficiary Designations** – add, change, or update information for life insurance plan(s)

For questions regarding accessing the Bentek system, please call Bentek customer service at 888-523-6835.

What's changing for 2024?

- Medical, dental, and vision plan options will remain the same, and your contributions for these plans will remain the same for 2023-24.
- For 2024, Cigna has enhanced its vision plan to deliver an even more robust product than ever before.
- Disability plan options (short-term and long-term) will remain the same. The amounts you contribute will remain the same unless you become eligible for a different age bracket. To view your information, please visit Bentek.
- Your disability benefits could be reduced if you are enrolled with multiple disability vendors. Please contact the disability vendors for additional details.
- If you no longer wish to participate in Metlife STD and or LTD, you must opt out of the benefits during open enrollment.

Medical Plan Highlights

For 2024, you have a choice of three medical plans with a range of coverage levels and costs. This gives you the flexibility to choose what's best for your needs and budget.

- **MSCS Open Access Plus (OAP) Basic Preferred Provider Organization (PPO)**, a preferred provider organization plan that reduces your out-of-pocket responsibility when you need care by offering a lower deductible and higher premium contributions.
- **MSCS Open Access Plus (OAP) NETWORK ONLY**, a preferred provider organization, network only, plan that has the lowest deductible, giving you the most protection from out-of-pocket expenses when you need care, but has higher premium contributions.
- **MSCS Choice Fund Health Reimbursement Account (HRA)**, an employer-funded health benefit plan that reimburses you for out-of-pocket medical expenses offering a higher deductible and out-of-pocket maximums but has the least premium contributions. The HRA plan is the only MSCS plan that will cover weight-loss (bariatric) surgery (if medically necessary). This plan also covers eligible, medically necessary, fertility treatment services.

FLEXIBLE SPENDING ACCOUNT

How does an FSA work?

Have you ever looked at your paycheck and thought how great it would be if less income went to taxes? Participating in flexible spending accounts (FSAs) is one relatively easy way to get more out of your pay. An FSA plan provides you the option of electing pre-tax payroll deductions for certain eligible health care and/or child/dependent care expenses for children under age 13. Because the expenses are paid with pre-tax dollars, the result is immediate tax savings. MSCS offers you the following FSAs:

Health Care FSA

- Pay for eligible health care expenses, such as plan deductibles, copays, and coinsurance.
- Contribute a minimum of \$300 and a maximum of up to a projected amount of \$3,200 in 2024.

Dependent Care FSA

- Pay for eligible dependent care expenses, such as day care for a child so you and/or your spouse can work, look for work, or attend school full time.
- Contribute a minimum of \$600 and a maximum of up to \$5,000 in 2024, or \$2,500 if you are married and filing separately.

Please note: When you enroll in a Health Care FSA, Optum Financial will send you a debit card, which you can use to pay for eligible expenses. Depending on the transaction, you may need to submit receipts or other documentation to Optum Financial.

What's an eligible expense?

- **Health Care FSA** – Plan deductibles, copays, coinsurance, and other health care expenses. To learn more, see IRS Publication 502 at www.irs.gov.
- **Dependent Care FSA** – Child day care, babysitters, home care for dependent elders, and related expenses. To learn more, see IRS Publication 503 at www.irs.gov.
- A complete list of qualified expenses can be found by registering at www.optumfinancial.com.

Employee Assistance Program & MSCS Family Health Clinic

The MSCS Employee Assistance Program (EAP) is available throughout the year to assist with your everyday needs, at no cost to you or members of your household. Life Insurance

MSCS offers programs to help ensure financial security for you and your family. We also provide access to voluntary benefits designed to help you save money on valuable supplemental insurance coverage.

What you need to know

- You must participate in basic life insurance to be eligible to enroll in supplemental life.
- Employees cannot have dual supplemental coverage if both parties are employed with MSCS. In addition, employees cannot have dual supplemental dependent coverage.
- If you are not a new employee, and you wish to elect basic life insurance, proof or evidence of insurability is required.
- Be sure you've selected a beneficiary for all your life and accident insurance policies. The beneficiary will receive the benefit paid by a policy in the event of the policyholder's death. Visit Bentek at www.mybentek.com/scs to update your beneficiary information.

Employee basic life and AD&D insurance

MSCS offers you basic life and accidental death and dismemberment (AD&D) insurance so that you can protect those you love from the unexpected. The

majority of the cost for this coverage is paid by MSCS. Your benefit coverage amount will be 2x your base annual salary (up to \$300,000).

Employee supplemental life insurance

If you want added protection, you can purchase supplemental life insurance for yourself. You may elect coverage up to the lesser of 6x your base pay multiplied then rounded to the next higher \$10,000.

Spouse supplemental life insurance

You may also purchase life insurance for your spouse up to \$250,000 (not to exceed 50% of your coverage).

Child voluntary life insurance

Optional child life insurance provides \$1,000 of life insurance for newborn children through 14 days old and \$10,000 or \$20,000 of life insurance for children age 15 days through age 25; regardless of the number of children covered.

MetLife Disability Insurance – Short-Term & Long-Term Disability

For 2024, you will have options for short-term disability (STD) and long-term disability (LTD) insurance coverage through MetLife, offering lower rates than traditional individual disability plans.

The loss of income due to illness or disability can cause serious financial hardship for your family. MSCS's group disability insurance program replaces a portion of your income when you're unable to work. The disability benefits you receive allow you to continue paying your bills and meeting your financial obligations during this difficult time. Protect yourself, your family, and your savings from the impact of your lost income by replacing a portion of it during the initial weeks of a disability and for an extended period of time.

MetLife Important information

- **All benefit-eligible employees are automatically enrolled in the short-term (30-day wait period option) and long-term disability benefits. If you wish to make any changes, you will have an opportunity again during this open enrollment period to enroll and/or opt-out of these benefits.** In the case of the short-term disability plan, employees will also have the option of electing a higher coverage level (7-day wait option).
- If you have disability coverage through another carrier, it is highly recommended that you determine if your existing coverage will affect your ability to maintain other individual disability plans you may have purchased.
- If you decide to decline the coverage now, and want it later, you'll have to submit a statement of health. This means that if at the time you apply you have a medical problem you may not be allowed to enroll. Enrolling now guarantees your access to the benefit when you need it.
- If you wish to disenroll in an individual disability plan, you will need to contact your vendor directly (please see vendor contact information for AFLAC, American Fidelity or Colonial). If you are unsure of your enrollment in an individual disability plan, please check your MSCS paystub for deduction information.

Summary of Disability Benefits

Short-Term & Long-Term Disability Benefits Summary		
	STD	LTD
Who pays	Employee-paid	Employee-paid
Benefit provided	60% of base weekly earnings	Up to 60% of base annual earnings
Maximum benefit payable	\$1,500 per week	\$6,500 per month
Maximum benefit duration	26 weeks	To age 65 or 5 years, whichever comes first
Waiting period	30-day option or 7-day option	180 days

Please note that STD & LTD rates are based on your age and salary. Your benefit could be reduced if you are enrolled with multiple disability vendors. Please contact your disability vendor for additional details.

Additional Benefits

As part of the MSCS benefit package, you have access to a variety of additional programs that can help save you money and provide important assistance with everyday needs.

Student Loan Wellness

Paying off student loans can be difficult, but Tuition.io can help. Tuition.io can assist with strategies to optimize your repayment plan, provide information on refinancing options, and help you navigate the process through educational and student loan wellness tools.

Tuition.io can also help you plan for your child's future. Learn about the different types of student aid available and the application process. There is also a college cost calculator to help you estimate how much you will need for your child's education. You even have access to a student loan coach to answer your most difficult questions. For more information, visit www.scs.tuitionio/register or call 855-353-9395.

Tennessee Consolidated Retirement System (TCRS)

Eligible employees participate in the Tennessee Consolidated Retirement System pension plan. TCRS provides a defined benefit plan providing lifetime retirement, survivor, and disability benefits for employees and their beneficiaries.

Please note a 5% mandatory contribution is effective for all active, full-time employees.

Common Insurance Terms & Definitions

ASO (Administrative Services Only) – An arrangement in which an employer hires a third party to deliver administrative services to the employer such as claims processing and billing; the employer bears the risk for claims. This is common in self-insured health care plans.

Coinsurance – A form of medical cost sharing in a health insurance plan that requires an insured person to pay a stated percentage of medical expenses after the deductible amount, if any, was paid. Once any deductible amount and coinsurance are paid, the insurer is responsible for the rest of the reimbursement for covered benefits up to allowed charges: the individual could also be responsible for any charges in excess of what the insurer determines to be “usual, customary and reasonable.” Coinsurance rates may differ if services are received from an approved provider (i.e., a provider with whom the insurer has a contract or an agreement specifying payment levels and other contract requirements) or if received by providers not on the approved list. In addition to overall coinsurance rates, rates may also differ for different types of services.

Copayment – A form of medical cost sharing in a health insurance plan that requires an insured person to pay a fixed dollar amount when a medical service is received. The insurer is responsible for the rest of the reimbursement. There may be separate copayments for different services. Some plans require that a deductible first be met for some specific services before a copayment applies.

Deductible – A fixed dollar amount during the benefit period - usually a year - that an insured person pays before the insurer starts to make payments for covered medical services. Plans may have both per individual and family deductibles. Some plans may have separate deductibles for specific services. For example, a plan may have a hospitalization deductible per admission. Deductibles may differ if services are received from an approved provider or if received from providers not on the approved list.

Flexible spending accounts or arrangements (FSA) – Accounts offered and administered by employers that provide a way for employees to set aside, out of their paycheck, pretax dollars to pay for the employee’s share of insurance premiums or medical expenses not covered by the employer’s health plan. The employer may also make contributions to an FSA. Typically, benefits or cash must be used within the given benefit year, or the employee loses the money. Flexible spending accounts can also be provided to cover childcare expenses, but those accounts must be established separately from medical FSAs.

Preferred provider organization (PPO) plan – An indemnity plan where coverage is provided to participants through a network of selected health care providers (such as hospitals and physicians). The enrollees may go outside the network but would incur larger costs in the form of higher deductibles, higher coinsurance rates, or non-discounted charges from the providers.

Maximum out-of-pocket expense – The maximum dollar amount a group member is required to pay out of pocket during a year. Until this maximum is met, the plan and group member shares in the cost of covered expenses. After the maximum is reached, the insurance carrier pays all covered expenses, often up to a lifetime maximum.

Primary care physician (PCP) – A physician who serves as a group member’s primary contact within the health plan. In a managed care plan, the primary care physician provides basic medical services, coordinates and, if required by the plan, authorizes referrals to specialists and hospitals.

Self-insured plan – A plan offered by employers who directly assume the major cost of health insurance for their employees. Some self-insured plans bear the entire risk. Other self-insured employers insure against large claims by purchasing stop-loss coverage. Some self-insured employers contract with insurance carriers or third-party administrators for claims processing and other administrative services; other self-insured plans are self-administered.
