

The Division of Family and Community Engagement (FACE) is the face of Shelby County Schools, responsible for connecting the District with caring and dedicated volunteers to support our students. FACE works to keep parents and community members included in District developments and decisions that directly and indirectly affect children. FACE also connects corporations, organizations and supporters to the District, so our students have the resources and services needed for increased achievement.

## **HOW WE CONNECT**

Inform the community of
District-wide initiatives that impact
children and Shelby County

Partner with nonprofits, corporations and small businesses to bridge existing gaps for students in our schools.

Provide individuals with opportunities to help SCS through volunteerism, special events and community-based initiatives.

## **OUR IMPACT**

More than 6,000 trained volunteers deployed in our schools to help second-graders with early literacy over the last two years.

More than 500 Shelby County businesses and corporations act as Adopt-a- School partners to provide our schools with needed additional support.

Providing support to disengaged parents through the Academic Parent Teacher Teams (APTT) to help connect parents and teachers to increase family participation in schools.

## **HOW YOU CAN HELP**
