PREVENTION AND INTERVENTION STRATEGIES

The District shall develop and communicate a comprehensive prevention and intervention program. The program shall include a parental engagement component outlining strategies for parents to support the prevention of inappropriate and/or disruptive behavior in their children and participate in intervention efforts if such behavior occurs. Additionally, prevention and intervention strategies may include classroom, school-wide, or district-wide assessment and supports for students who exhibit and/or are victims of behaviors involving threats; poor attendance/truancy; violence/weapons/gangs; drugs/alcohol; or harassment/intimidation/bullying/cyber-bullying.

The department responsible for coordinated school health promotes the safety of Shelby County Schools by conducting safety assessments with students whose behaviors are indicative of *substantive threats* of violence.

The purpose of this assessment is to evaluate the circumstances surrounding a student's infraction to determine whether there is evidence of a continued threat and to identify general violence risk factors. Recommendations will be offered to the school(s), the students, and the student's parent/guardian intended to promote safety and academic success.

When a student makes a threat to harm others or is in possession of a dangerous weapon, the *SCS Threat Screening Guidelines* and accompanying *Quick-Reference* are to be used by the principal/assistant principal or designee, security/SRO, and support staff in completing the inquiry. When, based on the school's investigation, a student's threat is identified as *substantive* and other safety measures have been implemented, schools should contact the Safety Assessment Team to make a referral (Also see Section E under Disciplinary Measures below).

SCHOOL-WIDE BEHAVIOR PLANS

Each school shall strive to promote and support appropriate behavior in students at the school by implementing behavior programs that integrate school and district-wide behavior intervention strategies with all aspects of a school's

support services. To this end, each school shall develop a School-wide Behavior Plan that is consistent with district policies and applicable laws. At a minimum, the School-wide Behavior Plan shall outline the school's operating procedures for utilizing various prevention and intervention strategies and utilizing progressive discipline within the school.

DISCIPLINARY MEASURES

Several disciplinary measures may be employed to support acceptable student behavior. Disciplinary measures include parent/administrator conference, confiscation of items, loss of privileges, before/after school detention/Saturday school, suspension from the bus, in-school suspension, out-of-school suspension, expulsion, and remand/alternative placement.

With the exception of privileges restricted by the principal, suspension from the bus and confiscation of items, schools shall not impose multiple disciplinary measures on a student for a single offense or violation of the Code of Conduct. The principal may restrict activities for students who accumulate a certain number of suspensions. Activities that may be restricted by the principal and the actions that may place students on restriction shall be communicated to students and parents by the principal.

A. Confiscation of Items and/or Loss of Privileges

Confiscation of Items

"Confiscated items" include beepers, telephone pagers, laser pointers, cellular phones, prohibited electronic devices, and any other item prohibited by the District. Unless the District extends the return time of confiscated items because the item or its contents may be evidence of violation of law or policy, the parent may pick up the item at a time and location designated by the principal at the close of the next school day following the day that the parent received notification of confiscation or earlier at the principal's discretion. Thereafter, the parent may pick up the device by appointment. The District does not take responsibility for confiscated items and will not compensate the owner for any lost, stolen, or damaged confiscated items while in the custody of the district.

Loss of Privileges

Students may lose privileges including, but not limited to, the following:

- Loss of classroom privileges
- Loss of parking privileges
- Loss of extracurricular/athletic or other school-wide privileges
- Privileges Restricted by the Principal

B. Before/After School Detention/Saturday School - Students may be detained before or after the school day or required to attend Saturday school as a means of disciplinary action. The following guidelines shall be followed:

- The student will be given at least one (1) full day of notice before detention/Saturday school.
- Parents/guardians will be informed before detention/Saturday school takes place.
- Students will be under supervision of certified staff members.
- Detention will not exceed 45 minutes after the official closing of the school day but may be administered several days in succession.
- Teachers must have the approval of the principal before issuing detention or requiring a student to attend Saturday school.
- Students riding school buses will be provided an alternative to detention, or, in collaboration with the parents, assigned a later detention date.
- Students with religious exemptions to Saturday school shall be provided with an alternative disciplinary option.

C. In-School Suspension - The in-school suspension program includes a behavior management component that teaches students skills to improve their behavior and make good choices while allowing students the opportunity to complete their regular classroom assignments in an isolated environment. The principal, including vice/assistant principal, has sole discretion to issue in-school suspensions.

D. Out-of-School Suspension – Out-of-school suspensions vary in length from zero (0) to ten (10) days. It is not the intent of the system to remove students from the school society for minor violations. Therefore, suspension from school should be used with caution and only in appropriate cases. The principal, including vice/assistant principal, has sole discretion to issue out-of-school suspensions from zero (0) to ten (10) days.

1. A behavioral intervention plan shall be developed for students who accumulate more than five days of suspensions during the school year.

2. Multiple suspensions shall not run consecutively; nor shall multiple suspensions be applied to avoid expulsion from school.

Reasonable effort shall be made to contact the parent/guardian immediately regarding any suspension. If contact with the parent/guardian cannot be made, the student will remain at school until dismissal time except in cases of police arrest or an emergency, such as when the student's continued presence poses a danger to persons or property in the school or an ongoing threat of disrupting the academic process. Students on suspension must not be permitted to set foot on school property, attend class, or participate in school-sponsored activities while under suspension, unless otherwise allowed by law and/or Board policy (see TCA 49-6-3401(d) and the policy 6055 Alternative Schools) or when scheduled with the school administration to take exams.

E. Expulsion - Expulsions vary in length from eleven (11) days to the remainder of the school year or one (1) calendar year for state-mandated expulsions. (Any single suspension in excess of 10 consecutive days or multiple suspensions totaling 15 days in one month is an expulsion.) The principal may issue expulsions subject to student legal due process rights regarding appeals of expulsions (suspension of more than ten (10) days) and in accordance with the district-wide Student Code of Conduct. The Superintendent may modify a state-mandated one-year expulsion on a case-by-case basis.

Safety Assessment Associated with Expulsion

When the student's infraction involves:

- 1) a credible/substantive threat of harm;
- 2) possession of a dangerous weapon (firearm, knife, taser, explosive, etc.);
- 3) assault resulting in serious bodily injury to staff/student(s); or
- 4) off-campus felony with a firearm,

the principal/assistant principal or designee shall: 1) consult with appropriate district staff responsible for IDEA (i.e., SPED and 504) to determine whether a student has an *identified or suspected* need for services under IDEA and hold a manifestation determination meeting if necessary; and 2) immediately refer the student for safety assessment. The department responsible for safety assessment shall provide the names of students referred for safety assessment to the department responsible for attendance and discipline.

Expelled students who either chose to appeal or chose not to appeal their expulsions may, at the discretion of the parent and upon assignment by the

district, participate in alternative school or may attend other appropriate educational settings during the remainder of the expulsion.

The office responsible for alternative schools will inform the parents that the placement decision is being taken under advisement pending outcome of the safety assessment. Safety assessment findings and recommendations will be utilized in making the placement decision and in the implementation of the safety plan of the student. Students with a confirmed *identified or suspected* need for services under IDEA shall be exempted from this advisement period and may receive immediate alternative school placement or other appropriate accommodations.

The safety assessment advisement period must be completed within ten (10) days of the original incident. If extenuating circumstance exist preventing the completion of the safety assessment within ten (10) days of the incident (e.g., failure of parental/family participation in the safety assessment), then the department responsible for alternative schools shall convene a district administrative committee to discuss and make a recommendation regarding the appropriate placement of the student and the educational services (e.g., safety plan) available for the student. The district administrative committee shall include representatives of the departments responsible for alternative schools, attendance and discipline, coordinated school health safety assessment, 504 implementation, special education services, and, when applicable, legal services. Upon consideration of the discussion and recommendations of the administrative committee, the department responsible for alternative schools shall make the placement determination and provide a justification if alternative placement is not made.

F. Suspension From the School/MATA Bus – Except where prohibited by law, students who engage in bus-related misconduct may be suspended from riding the school or MATA bus to and from school. Decisions involving temporary/permanent removal from school bus or MATA bus ridership will be made by the principal. In such cases, the student would typically continue his/her school assignment, but he/she would have to find another means of transportation. Truancy laws would still be in effect. Additional disciplinary actions may also apply when bus-related misconduct involves a violation of the Student Code of Conduct.

The district shall comply with applicable state and/or federal laws/regulations regarding the suspension of a student receiving special education services from school/Mata bus transportation.

G. Motor Vehicle or Permit License Revocation – In accordance with state law, any student fifteen (15) years of age or older who becomes academically deficient or deficient in attendance shall be reported to the Department of Safety for motor vehicle or permit license revocation.

A student shall be deemed academically deficient if he/she has not received passing grades in at least three (3) full unit subjects or their equivalency at the end of semester grading.

A student shall be deemed deficient in attendance when he/she drops out of school or has ten (10) consecutive or fifteen (15) days total unexcused absences during a single semester, unless the absences are due to transfer or are beyond the student's control. The Superintendent (designee), with the assistance of the attendance teacher and any other staff or school personnel, shall be the sole judge of whether unexcused absences are due to circumstances beyond the student's control. Suspensions shall be considered unexcused absences. Suspension, expulsion or confinement in a correctional institution shall not constitute a circumstance beyond the control of a student.

A copy of the notice sent to the Department of Safety by school personnel shall also be mailed to the student's parent or guardian.

REPORTING PROCEDURES

Mandatory reportable criminal offenses shall be reported in accordance with state law and Board policy (see 7005 Mandatory Police Reporting). The principal shall consult with department responsible for security when determining whether local law enforcement should be contacted regarding any violation of the Code of Conduct that does not require mandatory reporting to law enforcement or other agency. For reporting discrimination and sexual harassment, any student or parent/legal guardian who believes s/he is experiencing student-to-student discrimination or sexual harassment shall report such circumstances to a teacher, counselor, or principal immediately. If the report is made to a teacher or counselor, s/he must notify the principal immediately.

SPECIAL EDUCATION CONSIDERATIONS

Students who also qualify for special education services determined to have violated this policy may be suspended, expelled, or remanded or otherwise disciplined only in accordance with special education laws and policies. For zero tolerance offenses, remand of a student who qualifies for special education services must be based on recommendation of the IEP team and the student must have a manifestation meeting prior to remand or exclusion from school for over ten (10) days.

Unless a disciplinary infraction is the direct result of a child's disability, the child will be disciplined in the same manner as a nondisabled child. The district, parent/guardian, and relevant members of the IEP team shall review all relevant information to determine:

- a. if the conduct was a direct result of the district's failure to implement the IEP; and/or
- b. if the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability.

Serious safety issues involving weapons, drugs, or inflicting serious bodily injury upon another person while at school, on school premises, or at a school function will result in removal for up to forty-five school days. In cases of expulsions (suspensions longer than 10 days), the child must continue to receive educational services.

Regular education students may invoke rights under special education laws under certain conditions, including if the parent has expressed concern in writing to supervisory or administrative personnel of the district, or the child's teacher, that the child is in need of special education and related services.

The school district must also contact the Education Specialist at the Department of Children's Services if a foster child (with or without an identified disability) has allegedly committed an offense that may result in a suspension of 10 or more days or has had a petition filed against him/her by the school or school system.
