

MINORITY, WOMEN AND DISADVANTAGED BUSINESS ENTERPRISE PARTICIPATION

I. PURPOSE

II. SCOPE

III. POLICY STATEMENT

The Shelby County Board of Education recognizes that minority, women, and disadvantaged business owners frequently face unique problems that are not encountered by majority-owned businesses. The Board is committed to ensuring that all vendors have an equal opportunity to do business with the Shelby County Board of Education. Therefore, the Board and administration will take concerted action to ensure that, to the maximum extent practicable, minority business enterprises will equitably share in the total volume of business awarded by the school system. This will be accomplished by developing and implementing a comprehensive supplier diversity program that will significantly increase the amount of business the school system does with minority, women, and disadvantaged-owned business enterprises without sacrificing quality, service, on-time delivery, and competitive value of the goods and services it purchases. Specific program goals will be established by the Board and strategies developed by administration for the awarding of contracts to minority, women, and disadvantaged business enterprises.
