01		<p><b>Question:</b> Drawing C2.0 makes reference to “New Sports Fields” and states to see Architectural drawings for requirements.</p> <p>On the Architectural Site Plan these fields are indicted “as existing” and no new work is indicated to be performed.</p> <p>Unless further clarification is provided, we will go with the “existing fields” referenced on the Architectural drawings and figure that no new work is required in these areas. The landscape drawings do not mention any work in these areas either.</p>	
		<p><b>Response: Demolition is still required as shown for the dugouts and chain link fencing where the old baseball field used to be. Any new fields are shown for reference only for future placement and installation.</b></p>
