School Based Probation Liaison Program

Program Overview

Program Objectives

Role of the Liaison

The program was designed to:

- Increase communication between the school district and Juvenile Court.
- Meet the educational and other related needs of students.
- Provide Schools with alternatives for managing students exhibiting behavioral problems.

The program operates in selected schools and provides immediate intervention to students under Court jurisdiction by coordinating services with the school, community and family.

Additionally, the liaisons work in conjunction with the Court to ensure academic success and improve behavioral performance which will help promote a safe learning environment for all students.

- To provide intervention services for all youth charged with committing a delinquent act on campus
- To provide supervision and counseling to youth on probation within targeted schools
- To increase school attendance
- To decrease the number of suspensions
- To increase academic performance
- To decrease the rate of recidivism
